

## Exhaust Pipe Painting

1. Painting with Mr. Hobby's SM06 Chrome Silver.

2. Wrapping around all the weld seams with thin masking tape.

3. Airbrushing Tamiya's X-1(black)+X-26(clear orange) around the masking tape edges.

4. Airbrushing Tamiya's X-26 (clear orange), X-27 (clear red) and Hobby Color's H-93 (clear blue) to different overheated areas.

5. Tearing off the masking tape carefully.

6. Brushing finely the weld seams with Tamiya's X-1 (black) + X-26 (clear orange) and X-23 (clear

blue)+X-27(clear red).

7. Finished look.
